features & benefits of active ingredients

**facial serum**
*(pH 7.0)*

**Aloe Vera Gel**
- Anti-inflammatory properties
- Accelerates wound healing
- Soothes burns and accelerates healing
- Stimulates collagen and elastin synthesis
- Aids in lightening age spots

**HS MC Cultured Stem Cell Media**
- Growth Factors and Cytokines promote cell development

**Syn-ake (Water, Glycerin, Dipeptide Diaminobutyroyl Benzylamide Diacetate)**
- Tri-peptide based anti-wrinkle compound
- Mimics the strong muscle relaxing effect of Waglerin 1, a peptide found in the venom of the Temple Viper
- Reversible antagonist of the muscle nicotinic acetylcholine receptor (mnAChR)
- Blocks Na+ (sodium) uptake at the postsynaptic membrane, attenuating muscle contractions
- Safe, painless alternative to anti-aging treatments like botulinum toxin (Botox)
- Helps smooth mimic wrinkles and expression lines

**Sodium Ascorbyl Phosphate**
- Stable Vitamin C ester
- Converts to Vitamin C through Phosphatase in the skin
- Helps prevent oxidative damage
- Stimulate collagen synthesis
- Potent skin lightener

**Symglucan (Water, Glycerin, Beta-Glucan)**
- Protects against UV-damage
- Stimulates immune defense
- Stimulates fibroblast growth and collagen synthesis
- Enhances skin penetration for delivering active ingredients
- Improves extrinsic signs of aging
- Promotes healing and reduces scar coloration
- Superior moisturizing properties

**Grapeseed Oil - Vitis Vinifera (Grape) Seed Oil**
- Cold pressed oil
- Light, emollient skin feel
- Lowers TWL (transepidermal water loss)
- Moisturizing and conditioning natural oil
- High in Omega-6 and Vitamine E

**Sympeptide 222 (Water, Glycerin, Myristoyl Pentapeptide-8)**
- Stimulates fibroblast growth factor gene
- Anti-aging/Anti-wrinkle
- Stimulates cell replication, collagen synthesis, matrix remodeling and tissue repair
- Improves extrinsic signs of aging
- Promotes healing and reduces scar coloration

**Regu-age (Hydrolyzed Rice Bran Protein, Oxido Reductases, Glycine Soja (Soybean) Protein)**
- Naturally derived from rice, yeast and soybeans
- Reduces dark circles and puffiness around eyes
- Increases microcirculation and oxygen supply
- Strengthens connective tissue
- Reduces inflammation and helps prevent UV damage
features & benefits of active ingredients

Niacinamide
- Vitamin B complex
- Topical anti-inflammatory effect
- Helps prevent immunosuppression from UVA/UVB exposure
- Effective skin whitener in topical application

Coffea Aribica Extract
- Coffee Cherry Extract
- Powerful antioxidant Oxygen Radical Absorbance Capacity of 45,000 per 100 grams
- Proven ability to soften skin and smooth wrinkles

Camellia Sinensis (Green Tea) Leaf Extract, Vitis Vinifera (Grape) Seed Extract, Vaccinium Myrtillus (Bilberry) Extract, Silybum Marianum (Milk Thistle) Extract, Pinus Pinaster Bark (Maritime Pine) Extract, Ginkgo Biloba Extract
- Synergistic herbal complex
- Powerful anti-oxidant quenches free-radicals generated by environmental stress
- Renewable resource raw material

boost cream
(pH 3.5 / Lactic Acid 2.5%)

Aloe Vera Gel
- Anti-inflammatory properties
- Accelerates wound healing
- Soothes burns and accelerates healing
- Stimulates collagen and elastin synthesis
- Aids in lightening age spots

Symglucan (Water, Glycerin, Beta-Glucan)
- Protects against UV-damage
- Stimulates immune defense
- Stimulates fibroblast growth and collagen synthesis
- Enhances skin penetration for delivering active ingredients
- Improves extrinsic signs of aging
- Promotes healing and reduces scar coloration
- Superior moisturizing properties

Lactic Acid
- Natural Alphahydroxy Acid (AHA) contained in sour milk
- Gently exfoliates by increasing cellular turnover
- Extremely effective moisturizer
- Increases ceramide levels
- Potent skin lightener

Grapeseed Oil - Vitis Vinifera (Grape) Seed Oil
- Cold pressed oil
- Light, emollient skin feel
- Lowers TWL (transepidermal water loss)
- Moisturizing and conditioning natural oil
- High in Omega-6 and Vitamine E

Sympeptide 222 (Water, Glycerin, Myristoyl Pentapeptide-8)
- Stimulates fibroblast growth factor gene
- Anti-aging/Anti-wrinkle
- Stimulates cell replication, collagen synthesis, matrix remodeling and tissue repair
Sympeptide 222 (Water, Glycerin, Myristoyl Pentapeptide-8) (cont’d)
- Improves extrinsic signs of aging
- Promotes healing and reduces scar coloration

Regu-age (Hydrolyzed Rice Bran Protein, Oxido Reductases, Glycine Soja (Soybean) Protein)
- Naturally derived from rice, yeast and soybeans
- Reduces dark circles and puffiness around eyes
- Increases microcirculation and oxygen supply
- Strengthens connective tissue
- Reduces inflammation and helps prevent UV damage

Niacinamide
- Vitamin B complex
- Topical anti-inflammatory effect
- Helps prevent immunosuppression from UVA/UVB exposure
- Effective skin whitener in topical application

dl-Panthenol
- Accelerates wound healing
- Natural moisturizer
- Anti-inflammatory properties
- Increases skin and nail hydration
- Improves skin and nail elasticity

Camellia Sinensis (Green Tea) Leaf Extract, Vitis Vinifera (Grape) Seed Extract, Vaccinium Myrtillus (Bilberry) Extract, Silybum Marianum (Milk Thistle) Extract, Pinus Pinaster Bark (Maritime Pine) Extract, Ginkgo Biloba Extract
- Synergistic herbal complex
- Powerful anti-oxidant quenches free-radicals generated by environmental stress
- Renewable resource raw material

daily micro derm facial scrub
(pH 5.8)

Aloe Vera Gel
- Anti-inflammatory properties
- Accelerates wound healing
- Soothes burns and accelerates healing
- Stimulates collagen and elastin synthesis
- Aids in lightening age spots

Camellia Sinensis (Green Tea) Leaf Extract, Vitis Vinifera (Grape) Seed Extract, Vaccinium Myrtillus (Bilberry) Extract, Silybum Marianum (Milk Thistle) Extract, Pinus Pinaster Bark (Maritime Pine) Extract, Ginkgo Biloba Extract
- Synergistic herbal complex
- Powerful anti-oxidant quenches free-radicals generated by environmental stress
- Renewable resource raw material

Diatomaceous Earth
- Gentle exfoliator
- Neutral colored abrasive
- Finer grades used for microdermabrasion
- Natural raw material
features & benefits of active ingredients

**Sodium Lauroyl Methyl Isethionate**
- Foaming agent derived from naturally occurring coconut oil
- Creamy feel similar to natural soaps
- Extremely mild cleansing action
- Improves moisture retention on the skin
- Lessens irritation from other surfactants and ingredients
- Renewable resource raw material

**Sodium Lauroyl Sarcosinate**
- Foaming agent derived from naturally occurring amino acid
- Extremely mild cleansing action
- Improves moisture retention on the skin
- Lessens irritation from other surfactants and ingredients
- Renewable resource raw material

**Rescue Repair Hand and Body Treatment**
*(pH 3.5 Lactic Acid 8.0%)*

**Aloe Vera Gel**
- Anti-inflammatory properties
- Accelerates wound healing
- Soothes burns and accelerates healing
- Stimulates collagen and elastin synthesis
- Aids in lightening age spots

**Retilactyl D (Hydrolyzed Pepper Fruit Extract)**
- Rich in α-glycans and rhamnogalacturonans
- Reinforces the functions of photoaged reticular dermis; proliferation, adhesion, contraction and migration
- Improves skin firmness and tone
- Limits the phenomenon of ptosis (sagging)
- Renewable resource raw material

**Lactic Acid**
- Natural Alphahydroxy Acid (AHA) contained in sour milk
- Gently exfoliates by increasing cellular turnover
- Extremely effective moisturizer
- Increases ceramide levels
- Potent skin lightener

**Papilactyl D (Cyperus Esulentus Tuber Extract)**
- Rich in oligosaccharides
- Reinforces the structure of the papillary dermis
- Reduces fatigability of the skin
- Increases elasticity
- Reduces the appearance of fine lines and wrinkles
- Renewable resource raw material

**Sympeptide 222 (Water, Glycerin, Myristoyl Pentapeptide-8)**
- Stimulates fibroblast growth factor gene
- Anti-aging/Anti-wrinkle
- Stimulates cell replication, collagen synthesis, matrix remodeling and tissue repair
- Improves extrinsic signs of aging
- Promotes healing and reduces scar coloration

9/30/13
features & benefits of active ingredients

Niacinamide
- Vitamin B complex
- Topical anti-inflammatory effect
- Helps prevent immunosuppression from UVA/UVB exposure
- Effective skin whitener in topical application

Symglucan (Water, Glycerin, Beta-Glucan)
- Protects against UV-damage
- Stimulates immune defense
- Stimulates fibroblast growth and collagen synthesis
- Enhances skin penetration for delivering active ingredients
- Improves extrinsic signs of aging
- Promotes healing and reduces scar coloration
- Superior moisturizing properties

Shea Butter - Butyrospermum Parkii (Shea Butter)
- Soothes and moisturizes the skin
- Relieves irritation and redness

facial cleansing gel
(.1% for pH adjustment pH 5.5)

Aloe Vera Gel (Aloe Barbadensis Leaf Extract)
- Anti-inflammatory properties
- Accelerates wound healing
- Soothes burns and accelerates healing
- Stimulates collagen and elastin synthesis
- Aids in lightening age spots

Zemea Propanediol (Propanediol)
- Natural humectant produced from corn sugar
- Replacement for Butylene/Propylene Glycol
- Improves skin softness and feel
- Solubilizes active ingredients
- Renewable resource raw material

Sodium Lauroyl Methyl Isethionate
- Foaming agent derived from naturally occurring coconut oil
- Creamy feel similar to natural soaps
- Extremely mild cleansing action
- Improves moisture retention on the skin
- Lessens irritation from other surfactants and ingredients
- Renewable resource raw material

Sodium Lauroyl Sarcosinate
- Foaming agent derived from naturally occurring amino acid
- Extremely mild cleansing action
- Improves moisture retention on the skin
- Lessens irritation from other surfactants and ingredients
- Renewable resource raw material
features & benefits of active ingredients

Vege-Tech Super Fruit Antioxidant Complex VPS 2141.102G (Glycerin, Vaccinium Myrtillus (Bilberry) Fruit Extract, Euterpe Oleacea Fruit Extract, Lycium Barbarum (Goji) Extract, Aristotelia Chilensisui Fruit Extract, Aronia Arbutilofia/Aronia Melanocarpa (Chokeberry) Fruit Extract, Garcinia Mangostana Fruit Extract, Punica Granatum Fruit Extract, Morinda Citrifolia Fruit Extract)
• Synergistic herbal complex
• Powerful anti-oxidant quenches free-radicals generated by environmental stress
• Anti-inflammatory properties
• Renewable resource raw material

Jaguar C-1000 (Guar Hydroxypropyltrimonium Chloride)
• Reduces skin irritation from cleansing products
• Light, emollient skin feel
• Reduces lipid loss and protein denaturization
• Reduction of skin stiffening effects of surfactants
• Restoration of skin’s pH buffering capacity five times faster
• Renewable resource raw material

elevate eye cream
(.1% for pH adjustment pH 5.5)

Aloe Vera Gel (Aloe Barbadensis Leaf Extract)
• Anti-inflammatory properties
• Accelerates wound healing
• Soothes burns and accelerates healing
• Stimulates collagen and elastin synthesis
• Aids in lightening age spots

HSMC Cultured Stem Cell Media
• Growth Factors and Cytokines promote cell development

Beta Glucan
• Improves skin hydration
• Improves skin elasticity
• Decreases the appearance of fine lines and wrinkles
• Promotes skin healing

Cyclopentasiloxane
• Derived from silica (sand)
• Light, emollient hair and skin feel
• Transient conditioner, excellent wet combing
• Controls evaporation of essential oils and ethanol

Regu-age (Hydrolyzed Rice Bran Protein, Oxido Reductases, Glycine Soja (Soybean) Protein)
• Naturally derived from rice, yeast and soybeans
• Reduces dark circles and puffiness around eyes
• Increases microcirculation and oxygen supply
• Strengthens connective tissue
• Reduces inflammation and helps prevent UV damage
features & benefits of active ingredients

Hydrolite 5 (Pentylene Glycol)
- Excellent moisturizer and humectant
- Solubilizer and delivery system for active ingredients
- Boosts the efficacy of preservatives and acts as a preservative itself

Allantoin
- Increases cell proliferation
- Soothing and healing activity
- Sustained skin moisturization
- Improves skin softness and feel

Camellia Sinensis (Green Tea) Leaf Extract, Vitis Vinifera (Grape) Seed Extract, Vaccinium Myrtillus (Bilberry) Extract, Silybum Marianum (Milk Thistle) Extract, Pinus Pinaster Bark (Maritime Pine) Extract, Ginkgo Biloba Extract
- Synergistic herbal complex
- Powerful anti-oxidant quenches free-radicals generated by environmental stress
- Renewable resource raw material

**relance body lotion**
(3.0% pH 3.5)

Allantoin
- Increases cell proliferation
- Soothing and healing activity
- Sustained skin moisturization
- Improves skin softness and feel

HSMC Cultured Stem Cell Media
- Growth Factors and Cytokines promote cell development

Aloe Vera Gel (Aloe Barbadensis Leaf Extract)
- Anti-inflammatory properties
- Accelerates wound healing
- Soothes burns and accelerates healing
- Stimulates collagen and elastin synthesis
- Aids in lightening age spots

Lactic Acid
- Natural Alphahydroxy Acid (AHA) contained in sour milk
- Gently exfoliates by increasing cellular turnover
- Extremely effective moisturizer
- Increases ceramide levels
- Potent skin lightener

Papilactyl D (Cyperus Esculentus Tuber Extract)
- Rich in oligosaccharides
- Reinforces the structure of the papillary dermis
- Reduces fatigability of the skin
- Increases elasticity
- Reduces the appearance of fine lines and wrinkles
- Renewable resource raw material
features & benefits of active ingredients

Retilactyl D (Hydrolyzed Pepper Fruit Extract)
- Rich in a-glycans and rhamnogalacturonans
- Reinforces the functions of photoaged reticular dermis; proliferation, adhesion, contraction and migration
- Improves skin firmness and tone
- Limits the phenomenon of ptosis (sagging)
- Renewable resource raw material

Vitalayer (Verbena Officinalis Extract)
- Stimulates the production of collagen I and III by fibroblasts
- Stimulates the production of hyaluronic acid
- Preserves skin's barrier function and reduces transepidermal water loss
- Significantly reduces wrinkles
- Smooths the skin's micro-relief
- Renewable resource raw material

Zemea Propanediol (Propanediol)
- Natural humectant produced from corn sugar
- Replacement for Butylene/Propylene Glycol
- Improves skin softness and feel
- Solubilizes active ingredients
- Renewable resource raw material

Vege-Tech Super Fruit Antioxidant Complex VPS 2141.102G (Glycerin, Vaccinium Myrtillus (Bilberry) Fruit Extract, Euterpe Oleacea Fruit Extract, Lycium Barbarum (Goji) Extract, Aristotelia Chilensisui Fruit Extract, Aronia Arbutilofolia/Aronia Melanocarpa (Chokeberry) Fruit Extract, Garcinia Mangostana Fruit Extract, Punica Granatum Fruit Extract, Morinda Citrifolia Fruit Extract)
- Synergistic herbal complex
- Powerful anti-oxidant quenches free-radicals generated by environmental stress
- Anti-inflammatory properties
- Renewable resource raw material

AHA Herbal Toner
(3.5% pH 5.0)

Lactic Acid
- Natural Alphahydroxy Acid (AHA) contained in sour milk
- Gently exfoliates by increasing cellular turnover
- Extremely effective moisturizer
- Increases ceramide levels
- Potent skin lightener

Witch Hazel Extract (Hamamelis Virginiana (Witch Hazel))
- Anti-oxidant properties
- Strong astringent for skin toning
- Soothes irritated skin
- Renewable resource raw material

Cucumber Extract - Cucumis Sativus (Cucumber) Fruit Extract
- Natural soothing extract
- Astringent with cooling and moisturizing properties
- Renewable resource raw material
- Certified Organic version available
Aloe Vera Gel
- Anti-inflammatory properties
- Accelerates wound healing
- Soothes burns and accelerates healing
- Stimulates collagen and elastin synthesis
- Aids in lightening age spots

Camellia Sinensis (Green Tea) Leaf Extract, Vitis Vinifera (Grape) Seed Extract, Vaccinium Myrtillus
(Bilberry) Extract, Silybum Marianum (Milk Thistle) Extract, Pinus Pinaster Bark (Maritime Pine)
Extract, Ginkgo Biloba Extract
- Synergistic herbal complex
- Powerful anti-oxidant quenches free-radicals generated by environmental stress
- Renewable resource raw material
